Vendor Considerations:

In order to ensure our competitors are given the best opportunity to enjoy their experience, we ask vendors to be respectful of the following:

- Refrain from activities that produce loud noises
- Avoid visual distractions, including but not limited to smoke from cooking, flapping banners or canopies, shiny items alongside an arena fence
- Respect the VIP and competitor experiences: do not partake in these activities without purchasing a ticket or receiving a vendor invitation
- Follow guidance of Paso Park staff for vehicle and driving recommendations during show hours
- Be aware that wind and other elements may arise during the show; please ensure your setup is properly secured to withstand these elements.
